

# SUBTERRANEAN TERMITE SUB-SLAB TREATMENT RELEASE FORM

<b>BUILDER:</b>
<b>BUYER'S NAME(S):</b>
<b>PROPERTY ADDRESS:</b>

**◀ NOTICE ▶**

This form is **not** a waiver of minimum requirements for pre-construction treatment. It is intended for use only **after** a portion(s) of a treatment has been **unintentionally** omitted.

**Statement of buyer:**

I (we) the undersigned buyer(s) of the above property, understand that the slab areas (described below) of the property were not treated for the prevention of the subterranean termites during its construction. I (we) further understand that such treatment is required under minimum standards for the pretreatment of structures under rules adopted by the North Carolina Structural Pest Control Committee and that I (we) have the option of having this treatment performed at this time.

I (we) do not wish to have this work performed and do hereby release the below named company from drilling the slab areas and treating the soil beneath the slabs.

**Areas of structure not treated:**

The following slab areas of the above structure were not treated for the prevention of subterranean termites during its construction: (Describe each area separately and specifically.)
