Narrative Explanation

I performed an "Annual" inspection at this facility today.

I noted the following item needs to be corrected:

1. .0201 Facilities / Housing in Sound Repair - I noted in the indoor k-9 room on the east wall there is water damage on the wall board. The damaged material needs to be removed and replaced with a material that can withstand the water that comes from cleaning in this room.

Comments:

I noted in the viewing and in the records that the shelter has been treating cats with upper respiratory viruses. This shelter has made many improvements in the animal housing and care of the animals but in leu of the cramped feline space, I discussed with the manager the possibility of creating an outdoor feline area. There is a covered area with a concrete floor that could be used to house the feral, non adoptable cats that would create additional indoor room for the adoptable cats. In the regulations it is acceptable to have an outdoor area for cats as well as dogs as long as the area and kennels meet the animal welfare requirements.

I noted all areas of the shelter were clean and in good repair. I also noted the records meet the animal welfare requirements.

I will perform a follow up inspection on item .0201 in 30 calendar days (9/10/15).
