Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
Follow-up from 4-28-08		
Comments:		
19) According to the weekend feeding Log, dogs and cats were fed twice in a 24 hour period - Good. Puppy and Kitten food is on hand.		
14) A sanitation log was made and checked today. Cleaning was logged twice a day - Good.		
Items still to be addressed:		
6) Cross Contamination - A change in cleaning protocol is being discussed. Shelter plans to bring additional chain link ~~runs~~ pens and set them up in the exercise yard to transfer the outdoor dogs into while their runs are being cleaned. They are Not to house dogs in these pens.		
6) Today, there is a water drainage problem at the left back side of the outdoor runs - possible broken water line?		
7) A wire top still needs to be installed over outside runs.		
7) Run # OK-5 - outside and run # D-5 have holes in the chain link on the doors that needs repairing.		
1) Outside unloading area - door frame is damaged from dog scratching at it - need replacing.		
3) Lt. Cat Room - One set of lights are out - needs to be fixed.		
11) Waste Disposal - Unloading Area - Shelter uses this area to house a "Mascot Dog". The area needs to be thoroughly cleaned of old and fresh feces, trash (old pet food cans), unused trailer w/ motor and tanks and any unused items. The area is sparse grass and bare dirt. Should discontinue using this to house any dog until improvements are made. The grass should be maintained in a manner such as to allow it to thicken and keep mowed or may gravel entire area (6" deep) or use concrete.		
It is noted a change in personnel has occured again since last inspection.		
It is noted also, a dog in quarantine - brought in yesterday - has a nasal discharge but no veterinary care will be provided due to budget restrictions - plans to
