Narrative Explanation, if needed

Follow up inspection done today. Items in need of correction from previous inspection as follows. 0203> Outside kennel areas are in the process of noted repairs. The rusted kennel posts have been repaired. Outside kennel wall areas are being addressed. The right wing kennel area is in progress of repairs as well. 0204> Left wing kennels have been deep cleaned, repainted and resealed. There is another building on the premises that the owner is wanting to utilize. This building is stable and intact. All indoor kennels are within compliance. Owner is in process of redoing the floor. All animals in house at this time appear to be happy and healthy. I am approving this inspection as the work remains on going and owner and staff are very accommodating to all the corrections that are in need. This facility is very well maintained. I will follow up again in or around 60 days.
