## Narrative Explanation, if needed

Annual inspection done today. OPS Manager Jim Kloosterman in attendance. The cats in house today are from the Humane Society of Eastern Carolina. The cat room is odor free and the 4 felines appear happy, healthy and without injury. All records are in place and accurate. Items of concern: 1. The metal cabinet that is used as storage has rusted shelves. Measurements have just been taken and purchasing of shelf liner material will be applied today. 2. On the top shelf in this cabinet there are 2 sealed pitchers of drinking water for felines. Jim has labeled them as such. 3. There is a open pitcher of dirty water as well. This is now removed and with the understanding that this cannot be left in the area. I am satisfied that these corrections have been made thus approval of inspection.
