Narrative Explanation, if needed

Annual inspection done today. ACO Dicky Godwin in attendance.

This facility is for 72 hour holding only. Animals impounded here are only here for the mandatory by law rule of 72 hours. They are then transported to the county shelter. Exceptions to this rule would be sick, injured and/or rabies quarantine. In cases such as these the animal is transported to the shelter or emergency veterinarian.

Items of concern are as follows:

1. The cat cage here is showing signs of rust. This will need to be repainted/resealed.

Narrative Explanation, continued

2. The grounds on the side of the building and in the front of it have trash and debris. There is also a bucket of dirty water. I have been informed that the public works sanitation (garbage) trucks rinse out in this area and that is where the loose trash is coming from. ACO Godwin is aware and has been told to let these truck drivers know that according to the AWA, there can be no trash/scattered debris left in this animal occupied space. This is to include buckets of stagnate water. Suggest all open containers (buckets and trash cans) be turned over or lid applied when not in use.

ACO Godwin is keeping the facility well maintained.

I will return in or around 45 days to check on progress.
