Narrative Explanation, if needed

Annual inspection today with Manager Robert Mariner in attendance and Owner Linda Shoe on premises.

The facility, as always, appears clean and is odor free. Two of the 4 canines are outside playing and enjoying the sunshine with a kennel staff member. All 4 dogs appear happy and healthy.

Cages and kennels are in good repair.

Records are in compliance with the AWA (Animal Welfare Act).

Narrative Explanation, continued

Ms. Shoe has informed me, and as I have observed, they have new lighting and fixtures throughout both buildings. This has been done for safety reasons as they are no longer florescent bulbs but LED now. Each area is noticeably brighter.

She has also drawn my attention to the new alarm system that has been recently installed. This wireless unit monitors 24 hours a day for security, smoke and fire.

Carbon monoxide detectors are already implemented and they are discussing a sprinkler system.

The physical and emotional well being of each animal in their care is evident.

I have no issues of concern at this time.

I will return on a as needed basis.
