Narrative Explanation, if needed

Annual inspection done today. Items of follow up and new issues to follow. 0201> This establishment is older and showing considerable amounts of wear. Staff is beginning to make changes and repairs to the main unit itself. The laundry room has been cleaned up and free of unnecessary clutter and painted. The small bathroom in this area houses a sink and toilet that had been needing fixed. This has been accomplished. Other improvement plans are being discussed as well. The sink room as it as known to staff, has been repainted, the light has been fixed and a new fixture cover has been installed. The floor and the threshold remain in need of attention. 0203> The food

Narrative Explanation, continued

room floor in the indoor/outdoor kennel area requires proper sealing. 0204> The dog kennels are in need of painting/sealing inside and outside. Materials have been purchased for this project. Cracks in the concrete to include the floor and enclosure walls have been filled. The back door frame exiting these kennels is lose. Will need to reattach. Indoor kennel area concerns remain with the wire cage doors, thresholds that need rewrapping and the repainting/resealing. The repainting has begun to the outside of these enclosures leaving the inside in need of completion. Staff has hired outside help to do the necessary work to the wire doors and thresholds. As before in previous follow up inspections, the owners/staff are in continuous progress of all the needed repairs to meet AWA requirements. All animals on premises appear happy, healthy and are without injury. I will follow up on the concerns and projects in or around 45 days.
