Narrative Explanation, if needed

Follow-up inspection performed today from June 17, 2013. Necropsy paperwork has been returned on one of the kittens and showed as Panleukopenia being a possible cause of death. There have been 16 kittens and 1 cat found deceased since last inspection. Two more kittens have been sent off for necropsy by Rowan County's Veterinarian but results have not come in on this. Working with the County Veterinarian they devised a plan to euthanize the remaining kittens in the kitten run to end the spread of the disease, clean and disinfect the run and allow to stay empty for 24 hours. All food and water bowls and accessories were sanitized.

Narrative Explanation, continued

Since this has been done there have been 3 more kittens and 1 cat found deceased. We have suggested that Clai and his veterinarian meet with someone with the Shelter Medicine Program at the College of Veterinary Medicine. There are working to set this meeting up.

At today's visit we found two kittens that were lethargic, limp with pale gums in the adoptable cat room. There were three kittens in the kitten run that were showing signs of the beginning of upper respiratory problems. I asked that all of these kittens be pulled out. This was done at the time of my request. All of the cat runs were clean with clean litter boxes and water in the outside runs. I suggested having water bowls at all times in the inside and outside of the cat runs. I asked that the window in the cat runs be disinfected being that the cats like to sit in this area also. We discussed keeping the numbers to a minimum for each run to lessen the chances of diseases being spread and to be able to maintain a more cleaner area. Clai and I discussed trying to find an area to increase his numbers of cat enclosures. He is going to discuss the options we discussed with his Director. New litter boxes, receptacles and shelving (used for the cats to play on) will be purchased within the next few weeks. All in all shelter was clean and numbers were down. We will continue to work together and I will follow-up with Clai as needed.
