Narrative Explanation, if needed

Performed follow-up inspection. New shelving, litter boxes and food/water receptacles have been purchased and are in place in indoor cat runs. New shelving is to be purchased over the next week for the outside runs. Cat runs were all clean and cats appeared healthy. All cats and dogs in adoption areas had ample supply of water and appeared content and healthy. Outside dog runs were in the process of being cleaned but overall were clean and odor free. Since last inspection there have been 13 kittens found deceased at the facility However out of that number 3 were born at the shelter and were neonates and 5 of the kittens were less than a month old.

Narrative Explanation, continued

The other 5 were all under 2-3 months of age. Clai and I discussed again to try to keep numbers at a manageable amount to lessen the chance of diseases spreading and the facility has been doing a better job of controlling this. All records are well maintained and overall husbandry was great at today's inspection. The county has been in contact with a veterinarian with NC State and are working to set up a time to meet. I will continue to follow up as needed.
