0303 Food & water during transport	Not Applicable		0304 Observation of animals	Not Applicable

Narrative Explanation, if needed

New inspection performed. Kennels have been built with cement block walls and steel gates. Drains have flushing systems and are well placed. Stainless water bowls are hung in each kennel. Floors and block walls are sealed throughout. Existing gates have been painted but wrong mixture was sold to them causing some of the gates to rust. New gates are being built and will be covered with the correct mixture. Existing outside fencing is wood. There is fencing around the slats to prevent the dogs from chewing the fence. I have asked the owners to wrap the wooden posts with fencing or plastic pipe. Overall nice clean facility. Paperwork is in place with boarding contracts, med sheets and sign-out sheets. Owners will contact me when gates are all installed and fence posts are wrapped. Ok to license.
