Narrative Explanation

Facility is very clean and overall odor free. Proof of ownership is being done by showing license and signing document that is notarized on sight. Records are noted as to whether animal has bitten in the last 10 days. All records are well maintained. All dogs/cats that were euthanized due to health reasons before the 72 hour hold have been documented with the reason for euthanizing and with managerial signatures. All dogs and cats appeared healthy. All enclosures had ample supply of water. Paint has begun to chip in the first few inside runs and need to be repainted as needed.

On September 4, ACO Jim and Maria had a meeting with local vets, Dr. Lowe and Dr. Almond and Dr. Ferris from NC State to discuss measures to prevent the spread of disease within the cats at the shelter. Dr. Ferris has devised a plan of action for the shelter to follow and at this time this procedures are being followed.
