Narrative Explanation

Follow-up inspection from 1/23/14

.0101 Records / Origin - As from the 1/23/14 inspection, the records still need improvement. Although some records are acceptable, others are missing required information.

Items to be corrected:

.0101 Records / Origin & .0101 Description - Impound / intake records should contain all areas filled out to the best of the officer's knowledge. When a area is left blank it appears the officer either lacks knowledge or is not taking the time to correctly fill out the paperwork. It is very important for the officer to make sure all their paperwork is completely filled out so the shelter personnel can accurately key in the information.

Comments:

Cleaning was ongoing during the inspection.

Temperatures were in range in all areas.

Advised the shelter manager to remember to replace any plastic clip boards when they become damaged.

Follow-up inspection in 30 calendar days - 3/24/14.
