Barb's Boarding	Barbara Cluck	Laurinburg	NC

Narrative Explanation

Annual inspection performed today, facility is clean with a slight odor present. No apparent signs of disease or illness noted and all records present.

*Ventilation/Odor has been an on-going issue in this facility. Building does not have any motorized ventilation to pull stale air out of the building and therefore owner needs to be sure that good ventilation tactics are being used. Ideas to assist ventilation were given today:

* Open Windows and storm doors on nice days and allow fresh air into the building.

* Run ceiling fans.

* Look into installing a motorized ventilation fan (similar to bathrooms).

No other inadequacies.
