Narrative Explanation, if needed

Garner, Elizabeth E <Elizabeth.Garner@ncagr.gov>At the time of inspection there are no CETs at this facility and euthanasia is being completed by Dr. Cowan. Director Webster has received CET training but has not yet submitted the required documentation to the AWS office.

The euthanasia manual that was previously available at this facility is no longer available. A euthanasia manual is not available at the time of inspection. All items noted in 19A 32.1 0803 should be placed in a manual that is available at the time of inspection. I have provided Mr. Webster with a link to the 2013 update to the AVMA and HSUS Euthanasia Guidelines.

I will perform a follow up euthanasia inspection when I return after 2 weeks as is noted in the follow up inspection for this facility dated 11 09 2015.
