	Shelly and I came by today for a meeting with new animal control supervisor and do a annual Inspection. The entire kenel Inside and outside needs to be repainted, it is chipping up in spots. Need to replace all S hooks to snap hooks on cage doors that work pet doors. Need to calk seams where drain trough joins together. Need to fix wire which has become loose in runs # 22, 24. Need to fix wire on outside run # 2. Fix hole under ~~edge~~ chain link fence where rock has been scratched out. The isolation room will be in adjacent building next to facility this is a temporary situation. Need to make sure you put dogs & puppies in cages according to size. They had puppies with big dogs in the same run (over crowded). You can use outside runs put a airport crate in run if left overnight with no access to inside. Time line to correct painting & sealing, S hooks attempt made in 45 days November 17, 2008. Add sign on door for Isolation room. Watch kittens some are begin to have upper respitory infections.
