Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	On 5/29/07 I Performed an inspection on the Animal Shelter. When I arrived the employees were cleaning the shelter.	
	On 12/6/06, I inspected the shelter and the following issues were addressed.	
	One issue was the outside drain was backing up. This has been corrected.	
	There was also an issue addressing separation of dog to dog contact on the outside runs. There is add metal barrier between the kennels.	
	On the last inspection there were 23 Pit bulldogs housed outside these dogs are now gone.	
	The sealon the gas canber has been replaced.	
	Other than sealing the cracks in the flooring the shelter looks good.	
	The appearance of the animal was good. The records had all the correct information.	
	The tile needs to still be replaced in the entrance area. The cracks in the concrete and the tile is a source of holding germs.
