Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	I performed a follow-up inspection on todays date.	
	On 4/21/08 I performed an inspection. There were some inadequacies that still needed correcting.	
	#1- There are cracks in both kennel hallways. The crack on the stray side hallway has been sealed. However the crack in the main kennel hallway still needs to be sealed. There are smaller cracks throughout the shelter that still need to be sealed.	
	#4 The ceiling and walls still need painting.	
	#7 There still is kennel gates with-in the shelter that still need repair.	
	#7 The floors in the primary enclosures are being sealed and painted.	
	#17- There was evidence of a rodent problem within the shelter. I observed fresh droppings through out the shelter.	
	The holding pen on the outside in the back of the shelter is do for replacement today.	
	I observed no other issues, and everything else looked good.
