Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	#2- The Kennel Area was warm. The manager advised that a new cooling system was ordered. I could not determine the temprature in the kennel because there was no temprature gauge.	
	#7- The kennel cages have wire protuding at the bottom of the cages. This is being worked on by management.	
	#18- The back play yard still needs covering. There is bart dirt in the play area.	
	I am conditionally approving this inspection today. I will be returning in 45 days to observe what corrections are completed.	
	If the above issues have been corrected with-in the 45 days, I will re-inspect and give the facility an approved rating.
