Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	I Performed a Follow-up Inspection Today.	
	On the courtesy inspection back in March I addressed issues to bring the shelter into compliance. The county was not aware they were to be licensed by the Agdept.	
	The county is addressing, and implementing repairs, and changes.	
	One issues were wooden dog houses were being utilized. The county has replaced the doghouses with Iglo dog houses.	
	This is considered an outdoor facility. It has a roof with blue tarps surrounding the kennel. There are thermometers hanging. The temperature in the kennel area at 12:00pm was 82°. The dogs were not stressed looking, and appeared healthy.	
	There are issues being worked on at this time. Stainless steel food & water bowls are being purchased.	
	The tarp surrounding the kennel is going to be replaced.	
	The lighting is going to be upgraded in the kennel walkway.	
	The county is going to install barriers between the kennels for sanitation concerns.	
	The county is going to purchase a steam cleaning machine (repairing)	
	The insect and rodent problem is much improved. The food is now stored in sealed containers.	
	The county is making strides to make improvements.	
	The county needs to contact me, so I can return to observe the above issues are being addressed. These need to be addressed and corrections should be completed within 45 days.
