## Narrative Explanation

Follow up inspection today with corrections as follows. ACO Clifton has begun corrections in the dog kennel area. All pvc pipe has been purchased and ready for installation. These will replace the rusted poles that were previously in the pen areas. Painting to the rusted fencing has begun. Approx. 5 new dog houses are in need of purchase due to the beyond repair damage of some of the current housing. The floor throughout the dog and cat kennels still requires that a sealant be implemented. The product has been purchased and upon completion of the rusted fencing, posts and damaged dog house issues, the floor will get sealed. The gravel for the exterior of the building and single kennel is purchased. This will be done shortly. All this is a continuous work in progress as ACO Clifton is a one man team for Animal Control and Shelter work. Animals in his care today and as always, appear happy, healthy and injury free. No new concerns at this time. I will follow up in or around 30 days on progress.
