Narrative Explanation, continued

Inadequacies include;

1) Some rubber mats were placed on the ramp to the outdoor play yard but the mats are not long enough in size to cover the ramp. I discussed several options with Ms. Wilde regarding covering this wooden ramp. Cover/ Replace wooden ramp with material impervious to moisture (0203).

2)Damaged wire on gates of indoor enclosures and damaged wire in outdoor play yard remains an issue from previous inspections. Some exposed wire has been repaired however this is an ongoing issue at this facility. Repair/Replace exposed wire throughout facility (0204,0207).

3) Gravel in outdoor play yard is lacking in several areas including along side the fence lines and in the center portion of the play yard where digging has occurred and in high traffic areas. Gravel throughout play yard should be at least 6" deep. I discussed several options with Ms. Wilde for plans to prevent gravel from traveling down hill in the play yard. Add gravel to bare areas throughout facility. (0203).

4) Sign In/Out log lacking at the time of inspection. Maintain up to date records for animals signing in/out. (0102).

No sign of illness/injury was noted in the general population. Records remain in good order and are well maintained.

A time line of Spring 2014 was provided to have all inadequacies addressed in a manner that would maintain this facility in compliance with the AWA.
