Narrative Explanation

Came out to view plans for a new boarding facility at this location. No animals were being boarded at the time of inspection.

Plans to move forward include;

1) Cover sheet rock with material impervious to moisture. Suggested FRP or Shower Board.

2) Add thermometer to all areas of enclosures.

3) Remove old paint from the floor and reseal the floors throughout the facility.

4) Install indoor enclosures that are impervious to moisture

5) Install fencing in the outdoor play yard. Install perimeter fencing for any areas in which the animals are going to be allowed unsupervised play.

6) Repaint block walls that are chipping/peeling.

7) Implement and maintain isolation enclosure.

8) Add fans in the existing garage area for increased ventilation.

9) Remove/Repair damaged door in the existing garage area.

10) Deny animals access to wood in/around facility.

Plans are to have the renovations at this facility complete by the end of February 2015. No animals will be boarded here until this facility is complete and has passed inspection.

Records will be available after boarding begins.

Please contact me if the facility is complete prior to February 2015 or if renovations are delayed.
