Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	Follow-up 8-14-07 - ~~None~~ Two of the disapproved items have been addressed. The owner has done research on what type material she could use to make repairs with and afford as well. After much discussion today, I have agreed to let her have until 12-19-07 to get one run brought into compliance. At that time I will inspect the work and determine if that will be acceptable for the rest of the kennel.	
	Again I reminded her that only the damaged wood and wire must be replaced.	
	New Item today - 1) Outdoor exercise yard and border around Kennel that dogs have access to. No bare dirt is acceptable or wood. Someone needs to be with any dog that is free in the exercise unless a 5 foot perimeter fence is installed. Inside of Kennel door is damaged.	
	24) + 26) Have been addressed - Release signature + med log.	
	Re-Inspect 12-19-07
