Narrative Explanation

Annual inspection performed today.

Item to correct:

1. .0202 Indoor Facilities / Ventilation - The large dog adoptable room - the air vents in the enclosed drain area are coated with dust. The is the only enclosed drain area that the vents were noted coated in dust. Advised shelter director of this and noted could it be they were overlooked in cleaning or is there a problem. The director stated she would look into this and make sure they are cleaned and kept clean.

Comments:

Noted today that the shelter has now replaced 2 of it's animal transport units (trucks and animal enclosures) with 2 new trucks that are now equipped with totally enclosed climate control units. The county plans to replace 2 more of the units this next fiscal year (2016). The new units fully meet the animal welfare requirement as stated in .0301 and .0302 Vehicles and Enclosures used in Transportation.

Follow-up inspection on .0202 in 30 calendar days 3/18/15.
