Narrative Explanation, continued

Annual inspection performed today.

Comments:

Since the last inspection it is noted the owner has made several improvements: a new linoleum floor covering has been installed in the walkway of the first kennel room and the drive way to the kennel has had the holes filled and rock installed, the storage areas (food & litter) are better organized today - much improvement is noted. The kennels were noted as clean and in good repair. The temperature was 74*F in the indoor kennel areas. Rabies vaccinations are found up to date on this visit. Recommend owner / staff separate the old from the new Rabies certificates - work on better organizing the permanent resident's records.

No inadequacies noted today - continue to make improvements and repairs when needed.
