Narrative Explanation, continued

Annual inspection performed today.

Comments:

Today's inspection finds the kennels and building clean and odor free.

Noted the chain link on the 2 day care area gates is weak and has been repaired. I was advised the owner has already made arrangements to have these gates and the wire replaced.

Temperatures were in range in all areas.

The new gates that were inspected on the last inspection look very good - they are holding up well. Owner plans to replace the small dog doors with the same type gate in the future.

Records were reviewed and found in compliance.

Continue to make repairs when needed and make sure all vaccination records are kept up to date.
