Narrative Explanation, if needed

I performed an Annual inspection at this facility today.

I noted the following items need to be corrected:

1. .0204 Primary Enclosures / Surface Impervious to Moisture - I noted chipped paint in the following kennels: back kennels # 2 & # 5 on left side; # 1 on right side - repair and repaint the damaged board at this kennel also; front kennel# 9. Prepare these chipped areas on the block walls and re paint them. I advised the kennel manager to do the same if any new areas are noted. continue on page 4.....

Comments:

I noted cleaning was on going during this inspection. I noted the temperature was 68* F in the kennel areas. I noted all dogs and cats have fresh food and water. I noted the outdoor exercise yard is in good repair and clean of old feces. I noted all requested records were in acceptable manner. I advised the manager that I noticed an improvement in the record keeping.

This facility has 45 days to correct the identified items. I will return at some point in time after the 45 days for re inspection of this facility.
