Narrative Explanation, continued

I performed an "Annual" inspection at this facility today.

The owner B. R. Parker accompanied me on the inspection.

I arrived at 1:40 pm.

I departed at 3:00 pm.

I noted since the last inspection the owner has installed a shelter over 75 % of the outdoor exercise area for shade / sun protection and rain protection. It is a very well built shelter with the wood posts on the outside of the fencing. I also noted that plastic privacy fence stripping has been installed between the two yards to deter any male marking and excessive barking between the two groups of dogs. The owner replaced the four foot dividing gate with a seven foot gate.

I noted all of the enclosures were clean, odor free and in good repair.

The records meet the animal welfare requirements.

Continue to be proactive in cleaning and repairing all areas of the facility. No inadequacies noted.
