Narrative Explanation, continued

Comments:

Owner was on site today for the inspection. Overall appearance of the facility was much improved from last week. Stressed to the owner the importance of keeping all the dog housing areas in good repair which means making sure all areas are smooth and there is nothing for a dog to injury themselves on in the enclosure.

Remember that feces are to be scooped at least 2 times every day in the dog walk areas - old feces was found and cleaned up during the inspection.

Suites #2 & 3 had areas that needed to be fixed. They were fixed during the inspection.

Advised owner to regularly, as in daily if needed, go over each one of the suites and make sure all areas are in good repair - no sharp edges anywhere and all rubber moldings sealed and secured.
