Narrative Explanation, continued

I performed a "New Licensing Inspection" at this facility today.

The following items need to be addressed:

.0102 Records / Signature / I noted the kennel owner needs to create a day care sign in / sign out log. I advised the owner to place this on the front counter for all day care customers to use.

.0102 Records / Veterinary / I noted the kennel owner needs to create a medical log. I have advised the owner on all the details needed to prepare this log referencing AW Admin. Code .0102 Records.

.0202 Indoor Facilities / I noted in the kennel room there is one area on the concrete floor at the end of an expansion crack that needs to be filled in. This area is located behind the first kennel.

.0204 Primary Enclosures / Cat Condos / I noted an open area between the 2 banks of cat enclosures. This can be addressed by attaching these 2 banks of cages together.

Comments:

The owner of this kennel has taken a 5,000 square foot warehouse and remodeled it into a beautiful boarding / day care / grooming facility. I have noted that she has chosen good quality fencing and has gone to great measure to create a safe, comfortable yet compliant facility for the dogs and cats. There were no boarding animals today.

I have noted even though there are 4 items to address, this facility has passed it's inspection and is ready to board dogs and cats.

I will return in approximately 30 calendar days to follow up on the the 4 noted items.
