Wilkes County Animal Shelter	Wilkes County	Wilkesboro	NC

Narrative Explanation

At the time of inspection floors have been resealed using 'Surface Concepts' and are sealed with antimicrobial sealant. Floors come with a one year warranty. Walls have been painted up to 7 feet high. All chain link and posts have been resealed. Any damaged portions of posts and chain link has been taken down, repaired or removed, and/or replaced. Beds have been repaired/resealed. This has helped to increase lighting in the area of enclosures and has made the area much more welcoming. All surfaces with which animals may come in contact are now impervious to moisture. These changes are a great asset to the overall appearance of this facility and will aide in the reduction of disease transmission.

Animals were being housed at a temporary facility just down the road from the shelter. This temporary facility was in good condition and well organized. No sign of illness/injury was noted in the general population. Animals were being walked and socialized at the time of inspection. Plans are in place for animals to return to the shelter by next Monday.

Records are in order. Isolation is intact. Food is appropriately stored. Temperature is ambient.

No inadequacies were noted at today's inspection.

Plans to move forward with improvements to ventilation on transport boxes on vehicles at this facility remain with the county manager. Management is awaiting confirmation from the state attorney regarding 52 J 0210 before they are able to provide a time line. Once a response has been received from the state attorney please provide a written time line regarding ventilation on transport boxes.
