Item Number	Explanation of Inadequacy (circled items above) And Recommendation For Compliance	Date Corrections Must Be Completed
	We disscussed treatment for sick animals & isolation room. I gave him the def. of a isolating room which is a room to itself with seperate ventilation and limited traffic. They are now letting a vet do their treatment no animals treated here. They have a quarantine area but is connected with the main kennel area. As for now they are not going to treat here. Need to add cross contamination barriers for feral cat cages. They sealed floors but are starting to chip up so look at resealing. The feral cat cages will work but don't have two cats in there crowded. Keep up the good work, place is clean and smells great.
