## Narrative Explanation, if needed

Came by facility today per the request of the owner to inspect new cat enclosures to be used this weekend for boarding. 2 new enclosures were added for cats and are impervious to moisture. Okay to use these enclosures. Plans are still in place to seal concrete and implement cross contamination barriers throughout the facility within the next 6 months. Owners state they will begin work on this when the weather improves. No other inadequacies were noted at the time of inspection. Keep up the good work. Please increase enclosure count to 23 enclosures. This facility had added enclosures in the past but this was never changed on their license.
