Narrative Explanation, if needed

Annual inspection performed today, housing area is clean and sanitary at time of inspection, I did hear one grey tabby kitten, approximately 16-20 weeks old, sneezing, no discharge or signs of lethargy accompanied the sneezes. I advised Store Manager, Adam, of the sneezy kitten, and to seek Veterinary Care if the sneeze persisted or was accompanied with any discharge.

All enclosures are in good repair, cats are provided with a toy, and generally look healthy, energetic, and happy.

No inadequacies noted today.
