Narrative Explanation, continued

Gravel in the outside enclosures has been redistributed and appears adequate.

Outside fencing has been repaired and appears to be safe for the dogs.

Damaged water receptacles have been replaced with new metal buckets.

Protection from the elements has been added to all outside yards.

Checked paperwork and there were three dogs (Luna, Bentley, Stella) that did not have proof of a current rabies vaccination. Ensure that the dogs have current vaccinations. Suggestion made that if vaccinations are not verified ahead of time to call the animal's vet to verify before drop off.

Facility has done a lot of work to correct physical deficiencies, keep up the good work.

Ensure that vaccinations are up to date.
