

ATTACHMENT B-2: PHASE II SCOPE OF WORK

Application for NCDA&CS Financial Assistance for Stream Debris Removal

Please provide the following information. Print or Type.

Applicant's Organization: Beaufort Soil & Water Conservation District

Contact Name: Anthony Hester County: Beaufort

Mailing Address: 155 C Airport Rd., Washington, NC 27889

Telephone #: (252)946-4989 Ext. 3 Mobile #: (252) 402-9747

Fax #: (252) 946-2501 E-mail: anthony.hester@nc.nacdnet.net

Total Amount of Funding Requested (dollars): \$ 5,994

Total Estimated Project Cost (dollars): \$ 14,850

Impacted Stream/Drainage channel Name: (Use name on USGS Quad Sheet). Please send by email (pdf) a good and clear map of stream/drainage indicating the proposed project location (prefer 7.5" Quad Map):

Bear Creek – Stream name , Grimesland, NC-Topo Map Name.

Is the project subject to stream buffer requirements? Yes , but have paperwork stating work is allowed for this project from DWR. No

Description of damage resulting from natural disaster (include length of affected stream reach):

Trees and other debris are down blocking water from flowing, causing a backup of flood waters, areas around houses, Theater and farmland experienced flood like conditions. This reach is 11,880 feet long.

Description of economic, environmental, and social damages resulting from debris (include realistic \$ estimate of potential losses) :

Farmland and forestland along stream could have flooding problems causing crop losses or disaster. Home sites could be flooded again causing loss or repair. Potential loss could be over \$2,000,000.

Application for NCDA&CS Financial Assistance for Stream Debris Removal

Description of method used to estimate total debris removal project cost (e.g., cost per foot of stream, cost per cu. Yd. of debris to remove):

Made site visits along stream and measured area using GPS/ ArcView. Price will be per foot cleaned.

Description of any state or federally listed threatened or endangered species potentially adversely impacted by the proposed action and any strategies proposed to mitigate adverse impacts:

None known.

Please estimate the total funding needed for stream debris removal (beyond normal maintenance) in your district/county, including, but not limited to the amount requested for this project. This is needed to develop data to support future funding requests for debris removal projects.

\$158,650

Please include other available documentation of affected area (FEMA floodplain maps, aerial photos, photos of stream channel, etc)

Signature of authorized official for Applicant
