

2016 NC AGRICULTURAL FAIRS FAIR MANAGERS' HANDBOOK

LOADS OF FUN!

North Carolina Department of Agriculture and Consumer Services

Our Mission

Agricultural Fairs have impacted North Carolina communities for more than 150 years, and are an important annual tradition. Agricultural Fairs offer the ever-increasing urban population a place and an opportunity to learn about our state's agricultural heritage. It is true that our state's agricultural landscape is constantly changing, and the amount of agricultural production and content in your county may not be what it used to be. But, it continues to be important for Fairs to keep the tradition of agricultural products, heritage crafts, and growing and preserving techniques alive for current and future generations to understand.

This fact is part of the reason why we offer certain exhibit categories in our premium books. While it is important to keep an eye on specific classes within your categories and to update or eliminate information where necessary, it is also necessary to continue to offer the exhibit categories listed in the required minimum exhibits section of this handbook, because these categories speak directly to the traditions we can't afford to forget.

If you worry that you will not meet the requirements in this handbook, *please* contact the N.C. Department of Agriculture & Consumer Services for assistance. The NCDA&CS wants your agricultural fair to succeed. While we can't do the work of getting competitors and entries into your fair, we can help you find informational resources, ideas, guidance and contacts. On a case-by-case basis, we can create solutions to ensure that your fair highlights agricultural information from your region, and meets the requirements to be an agricultural fair.

Handbook and Paperwork

Part 1. State Fair.

§ 106-502. Land set apart.

For the purpose of the operating of a State fair, expositions and other projects which properly represent the agricultural, manufacturing, industrial and other interests of the State of North Carolina, there is hereby dedicated and set apart 200 acres of land owned by the State or any department thereof within five miles of the State Capitol, the particular acreage to be selected, set apart, and approved by the Governor and Council of the State of North Carolina. (1927, c. 209, s. 1; 1959, c. 1186, s. 1.)

§ 106-503. Board of Agriculture to operate fair.

(a) The State fair and other projects provided for in G.S. 106-502, shall be managed, operated and conducted by the Board of Agriculture established in G.S. 106-502. To that end, said Board of Agriculture shall, at its first meeting after the ratification of this section, take over said State fair, together with all the lands, buildings, machinery, etc., located thereon, now belonging to said State fair and shall operate said State fair and other projects with all the authority and power conferred upon the former board of directors, and it shall make such rules and regulations as it may deem necessary for the holding and conducting of said fair and other projects, and/or lease said fair properties so as to provide a State fair.

(b) The Board of Agriculture may adopt regulations establishing fees or charges for admission to the State Fairgrounds and for services provided incidental to the use of the State Fairgrounds.

(c) The Board of Agriculture, subject to the provisions of Chapter 146 of the General Statutes, may establish a schedule of rental rates for fair properties and specifications for the issuance of premiums so as to provide a State fair and other projects.

(d) The Board of Agriculture shall provide and maintain recycling bins for the collection and recycling of newspaper, aluminum cans, glass containers, and recyclable plastic beverage containers at the State Fairgrounds. (1931, c. 360, s. 3; 1959, c. 1186, s. 2; 1981, c. 495, s. 4; 1981 (Reg. Sess., 1982), c. 1359, s. 2; 1987, c. 827, s. 34; 1991, c. 336, s. 2.)

§ 106-503.1. Board authorized to construct and finance facilities and improvements for fair.

(a) Borrowing Money and Issuing Bonds. - For the purpose of building, enlarging and improving the facilities on the properties of the State fair, the State Board of Agriculture is hereby empowered and authorized to borrow a sum of money not to exceed one hundred thousand dollars (\$100,000), and to issue revenue bonds therefor, payable in series at such time or times and bearing such rate of interest as may be fixed by the Governor and Council of State: Provided, that no part of the payments of the principal or interest charges on said loan shall be made out of the general revenue of the State of North Carolina, and the credit of the State of North Carolina and the State Department of Agriculture and Consumer Services or the agricultural fund, other than the revenue of the State fair funds, shall not be pledged either directly or indirectly for the payment of said principal or interest charges. The receipts, funds, and any other State fair assets may be pledged as security for the payment of any bonds that may be issued.

(b) Contracts and Leases; Pledge of Gate Receipts, etc. - For the further purpose of acquiring, constructing, operating and financing said properties and facilities on the North Carolina State fairgrounds, the Board of Agriculture may enter into such agreements, contracts and leases as may be necessary for the purpose of this section, and may pledge, appropriate, and pay such sums out of the gate receipts or other revenues coming to the State Board of Agriculture from the operation of any facilities of the State fair as may be required to secure, repay, or meet the principal and interest charges on the loan herein authorized. Prior to execution, the Board of Agriculture shall consult with the Joint Legislative Commission on Governmental Operations on all agreements, contracts, and leases authorized under this

subsection. The preceding sentence applies only to agreements, contracts, and leases with an estimated revenue to the State of one hundred thousand dollars (\$100,000) or more.

(c) Gifts and Endowments. - The State Board of Agriculture may receive gifts and endowments, whether real estate, moneys, goods or chattels, given or bestowed upon or conveyed to them for the benefit of the State fair, and the same shall be administered in accordance with the requirements of the donors. A fee of ten dollars (\$10.00) shall be paid to the Secretary of State when such articles are filed. Upon receipt of such articles in proper form, and such other information as may be required, and the filing fee, the Secretary of State shall issue a charter of incorporation.

(1915, c. 242, s. 2; C.S., s. 4951.)

§ 106-514. Unlawful entry on grounds a misdemeanor.

If any person, after having been expelled from the fairgrounds of any agricultural or horticultural society, shall offer to enter the same again without permission from such society; or if any person shall break over [open] the enclosing structure of said fairgrounds and enter the same, or shall enter the enclosure of said fairgrounds by means of climbing over, under or through the enclosing structure surrounding the same, or shall enter the enclosure through the gates without the permission of its gatekeeper or the proper officer of said fair association, he shall be guilty of a Class 3 misdemeanor. The sheriff of the county shall issue a permit without charge; provided, however, that no permit shall be issued if he shall find the requested exhibition date is less than 30 days prior to a regularly advertised agricultural fair. Exhibition without a permit from the sheriff of the county in which the exhibition is to be held shall constitute a Class 1 misdemeanor: Provided, that nothing contained in this section shall prevent veterans' organizations and posts chartered by Congress or organized and operated on a statewide or nationwide basis from holding fairs or tobacco festivals on any dates which they may select if such fairs or festivals have heretofore been held as annual events. (1953, c. 854; 1963, c. 1127; 1991 (Reg. Sess., 1992), c. 1030, s. 26; 1993, c. 539, s. 795; 1994, Ex. Sess., c. 24, s. 14(c); 2005-435, s. 43.)

§§ 106-517 through 106-520: Repealed by Session Laws 2013-316, s. 5(d), effective January 1, 2014, and applicable to admissions purchased on or after that date.

Part 4. Supervision of Fairs and Animal Exhibitions.

§ 106-520.1. Definition.

As used in this Article, the word "fair" means a bona fide exhibition designed, arranged and operated to promote, encourage and improve agriculture, horticulture, livestock, poultry, dairy products, mechanical fabrics, domestic economy, and 4-H Club and Future Farmers of America activities, by offering premiums and awards for the best exhibits thereof or with respect thereto. (1949, c. 829, s. 1.)

§ 106-520.2. Use of "fair" in name of exhibition.

It shall be unlawful for any person, firm, corporation, association, club, or other group of persons to use the word "fair" in connection with any exhibition, circus, show, or other variety of exhibition unless such exhibition is a fair within the meaning of G.S. 106-520.1. (1949, c. 829, s. 1.)

§ 106-520.3. Commissioner of Agriculture to regulate.

The Commissioner of Agriculture, with the advice and approval of the State Board of Agriculture, is hereby authorized, empowered and directed to make rules and regulations with respect to classification, operation and licensing of fairs, so as to insure that such fairs shall conform to the definition set out in G.S. 106-520.1, and shall best promote the purposes of fairs as set out in such definition. Article 4.

Agritourism Activity Liability.

§ 99E-30. Definitions.

As used in this Article, the following terms mean:

- (1) Agritourism activity. - Any activity carried out on a farm or ranch that allows members of the general public, for recreational, entertainment, or educational purposes, to view or enjoy rural activities, including farming, ranching, historic, cultural, harvest-your-own activities, or natural activities and attractions. An activity is an agritourism activity whether or not the participant paid to participate in the activity. "Agritourism activity" includes an activity involving any animal exhibition at an agricultural fair licensed by the Commissioner of Agriculture pursuant to G.S. 106-520.3.
- (2) Agritourism professional. - Any person who is engaged in the business of providing one or more agritourism activities, whether or not for compensation.
- (3) Inherent risks of agritourism activity. - Those dangers or conditions that are an integral part of an agritourism activity including certain hazards, including surface and subsurface conditions, natural conditions of land, vegetation, and waters, the behavior of wild or domestic animals, and ordinary dangers of structures or equipment ordinarily used in farming and ranching operations. Inherent risks of agritourism activity also include the potential of a participant to act in a negligent manner that may contribute to injury to the participant or others, including failing to follow instructions given by the agritourism professional or failing to exercise reasonable caution while engaging in the agritourism activity.
- (4) Participant. - Any person, other than the agritourism professional, who engages in an agritourism activity.
- (5) Person. - An individual, fiduciary, firm, association, partnership, limited liability company, corporation, unit of government, or any other group acting as a unit. (2005-236, s. 1; 2007-171, s. 1.)

§ 99E-31. Liability.

- (a) Except as provided in subsection (b) of this section, an agritourism professional is not liable for injury to or death of a participant resulting from the inherent risks of agritourism activities, so long as the warning contained in G.S. 99E-32 is posted as required and, except as provided in subsection (b) of this section, no participant or participant's representative can maintain an action against or recover from an agritourism professional for injury, loss, damage, or death of the participant resulting exclusively from any of the inherent risks of agritourism activities. In any action for damages against an agritourism professional for agritourism activity, the agritourism professional must plead the affirmative defense of assumption of the risk of agritourism activity by the participant.
- (b) Nothing in subsection (a) of this section prevents or limits the liability of an agritourism professional if the agritourism professional does any one or more of the following:

- (1) Commits an act or omission that constitutes willful or wanton disregard for the safety of the participant, and that act or omission proximately causes injury, damage, or death to the participant.
- (2) Has actual knowledge or reasonably should have known of an existing dangerous condition on the land, facilities, or equipment used in the activity or the dangerous propensity of a particular animal used in such activity and does not make the danger known to the participant, and the danger proximately causes injury, damage, or death to the participant.
- (c) Nothing in subsection (a) of this section prevents or limits the liability of an agritourism professional under liability provisions as set forth in Chapter 99B of the General Statutes.
- (d) Any limitation on legal liability afforded by this section to an agritourism professional is in addition to any other limitations of legal liability otherwise provided by law. (2005-236, s. 1; 2013-265, s. 4.)

§ 99E-32. Warning required.

The sign must be placed in a clearly visible location at the entrance to the agritourism location and at the site of the agritourism activity. The warning notice must consist of a sign in black letters, with each letter to be a minimum of one inch in height. Every written contract entered into by an agritourism professional for the providing of professional services, instruction, or the rental of equipment to a participant, whether or not the contract involves agritourism activities on or off the location or at the site of the agritourism activity, must contain in clearly readable print the warning notice specified in subsection (b) of this section.
- (b) The signs and contracts described in subsection (a) of this section must contain the following notice of warning:

"WARNING

Under North Carolina law, there is no liability for an injury to or death of a participant in an agritourism activity conducted at this agritourism location if such injury or death results from the inherent risks of the agritourism activity. Inherent risks of agritourism activities include, among others, risks of injury inherent to land, equipment, and animals, as well as the potential for you to act in a negligent manner that may contribute to your injury or death. You are assuming the risk of participating in this agritourism activity."

- (c) Failure to comply with the requirements concerning warning signs and notices provided in this subsection will prevent an agritourism professional from invoking the privileges of immunity provided by this Article. (2005-236, s. 1.)

- (4) All containers will sit on concrete, asphalt, brick, solid wood blocks, or masonry blocks or in a container, such as a "milk crate," to avoid contact with the ground and to provide a stable footing.
- (5) Containers shall not be stored in any building, booth, tent, or unventilated vehicle. However, containers having a maximum LP-Gas capacity of 5 lb. may be used inside buildings for public exhibitions or demonstrations. If more than one such container is located in a room, the containers shall be separated by at least 20 ft. Routine preparation of food is not considered to be a demonstration or exhibition.
- (6) All containers filled in place will be located so the **fill valve is 10 feet from any ignition source**, or is separated from any ignition source by a vapor-proof barrier to provide 10 feet of separation. If the container is filled only when ignition sources are shut down, the separation may be reduced to 5 feet. **Relief valves must be at least 5 feet from any ignition source.**
- (7) All valves, hoses, and piping material will be suitable for LP-Gas service. **Hoses must be marked as LP-Gas approved.**
- (8) All piping shall be properly supported and, if necessary, protected from damage.

The above requirements, and any others which may be applicable, will normally be enforced by fire inspection personnel. If necessary, LP-Gas inspectors from our department can be provided. **Do not ask a gas supplier to violate the rules.**

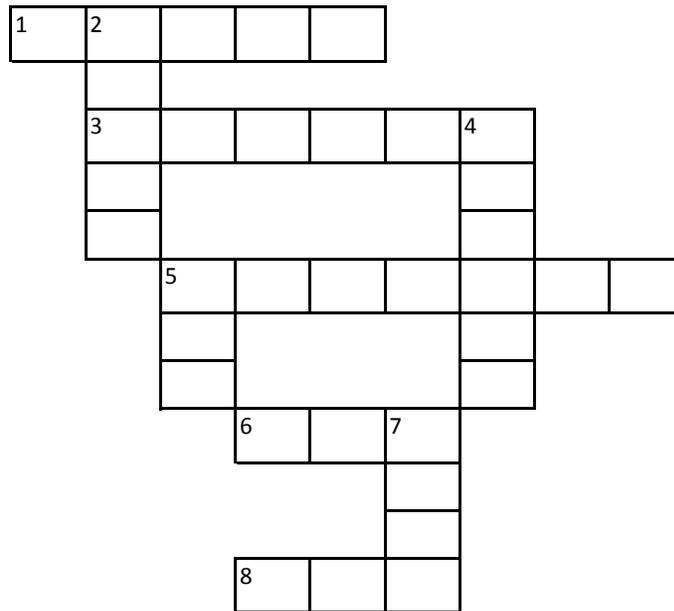

Every year there are some concession operators who do not adequately plan their space requirements to include their propane tank(s). You may want to plan for additional gas hose or tubing to allow the tank(s) to go behind your booth. All separation requirements of the *LP-Gas Code* apply.

What is your favorite part of the Fair?

Got to Be NC Agriculture Commissioner's Award & Display Contest

Purpose:

The purpose of the Got to Be NC Agriculture Booth Display Contest is to encourage Fairs to incorporate a creative, interactive and interesting exhibit about North Carolina agriculture into their Fair, to add visual interest for fairgoers and engage the public in an educational, agricultural message. ***A more visually interesting and engaging Fair may result in increased attendance, which will help Fairs in their mission to promote NC agriculture.***

Overview:

To participate in the Got to Be NC Agriculture Booth Display Contest, each Fair is encouraged to create its own display showcasing regionally produced agricultural products, agricultural industries and/or agricultural services that highlight the Fair's county or region. Fairs should highlight modern agricultural information in the display by using signage, informed people, interactive activities and/or other means of explaining agriculture in the 21st century.

Information about county agricultural statistics has been provided in the 2016 Fair Manager's Handbook, and can be downloaded from NCDA&CS Agricultural Statistics website: www.ncagr.gov/stats. Interactive activity ideas for kids can be downloaded from the NCDA&CS Marketing Kids Stuff website: www.ncagr.gov/markets/kidstuff

The theme this year is **Loads of Fun**, and points will be awarded for incorporating this theme into the booth display in an original, creative way. The logo, as well as the Got to Be NC Agricultural Fairs logo, can be downloaded from <http://www.ncagr.gov/markets/fairs/fairmanagerinfo.htm>. The type of products and materials used in the display, the layout design and any interactive activities are up to each individual Fair to decide.
