

Poultry is North Carolina's number one agricultural industry with over 5,700 farm families that produce poultry and eggs. NC is ranked third nationally for poultry production.

North Carolina ranks second in the nation for pork production with an industry that strives to be environmentally sustainable, provide advanced safety, and be an asset to research in a variety of other fields.

The North Carolina Department of Agriculture prides itself in the quality of meat and poultry products that are in production in NC. The department's Meat and Poultry Inspection Division aims to ensure that meat and poultry plants produce safe, wholesome, and properly labeled meat and poultry products.

SMITHFIELD

Smithfield®

Smithfield is the pork brand people ask for by name. Why? Because there's a commitment to quality and a promise of flavor that comes with our name. From hand-trimmed bacon to slow-smoked holiday hams, we bring artistry and authenticity to everything we make. Does it take a bit more time and effort to live up to those high standards? Sure. But we wouldn't have it any other way. We make pork and only pork.

Our ever-expanding line of pork products currently includes bacon, pork loins, pork chops, ham steaks, spiral hams, diced ham, ground pork and so much more. All of our products meet the highest quality and safety standards in the industry.
