

W I N E & S P I R I T S

North Carolina is home to more than 140 wineries with a focus on muscadine and European-style vinifera grapes. Scuppernong, a type of muscadine grape, is the first grape cultivated in the United States and is the official fruit of North Carolina. The MotherVine in Manteo on Roanoke Island, a 400-year-old scuppernong vine, is the oldest known cultivated grapevine in the nation. More than 400 individually owned grape vineyards are spread across the state, ranking NC tenth in the nation for grape production.

North Carolina's heritage product, moonshine, was founded in retaliation of prohibition in the United States in the 1920s. North Carolinians continued to distill and sell distilled spirits in an underground industry that began in the foothills of the Appalachian Mountains of North Carolina. Today, legal distilleries are creating a variety of quality products based on that North Carolina tradition.

ASHEVILLE DISTILLING COMPANY

Asheville Distilling Company produces fine award-winning Craft Whiskies made with locally grown heirloom grains. Troy & Sons Platinum Whiskey was awarded a gold medal by the Beverage Tasting Institute and can be found on menus at all Disney Resorts in North America. ADC is the first whiskey distillery in America founded by a woman, Troy Ball, in modern times.

BROADSLAB DISTILLERY, LLC.

Broadslab Distillery is located in the southeastern part of Johnston County, NC, an area known to the locals as "Broadslab" (the "moonshine capital" of North Carolina). Our distillery represents the true heritage of a craft passed down through five generations of master distillers and is a true "our farm to your spirit" distillery.

We grow our own corn to use in the mash for our spirits. All of our products are gluten free, are handcrafted using all natural ingredients, and bottled in small batches using American made packaging and materials.

BROTHERS VILGALYS SPIRITS

The Brothers Vilgalys Spirits Company produces a spiced honey liqueur called Krupnikas. Starting with a family recipe on the stove, founder Rimas Vilgalys and his business partners first launched their product on December 29, 2012. After one year of sales, they are beginning to expand distribution beyond North Carolina and are actively seeking new partners and sales channels.

"Krupnikas" is a traditional Lithuanian recipe. Made in Durham, NC, Brothers Vilgalys uses only whole spices, local North Carolina wildflower honey, and grain neutral spirits in their recipe.

The result is an 80-proof spirit that is delicious, surprisingly smooth and shippable on its own, and very flexible as a mixed drink ingredient.

Brothers Vilgalys is the only producer of Krupnikas in the US, and the only spirits producer to use wildflower honey as its main flavor. This gives our drink more complexity and depth than any other honey-flavored spirits on the market.

BURNTSHIRT VINEYARDS

In the heart of the Blue Ridge Mountain Range of North Carolina, USA lies the beautiful Burntshirt Vineyards, a family-owned estate vineyard and winery which has consistently produced award-winning wines. What makes our vineyards so unique is that they are among the highest elevation in the state, and the high altitude plus the long sunny days, cool nights and well-drained sandy soil allow us to produce some European varietals that are challenging in other regions of our state.

We are currently growing European varietals including Grüner Veltliner, Chardonnay, Riesling, Merlot, Cabernet Franc, Cabernet Sauvignon, Merlot, Malbec and Petit Verdot. Our French-American hybrid varietals include Vidal Blanc, Trämenette, Petit Manseng and Chambourcin. All of our grapes are harvested by hand and fermented separately.

CAROLINA DISTILLERY, LLC.

Carolina Distillery is located in historic downtown Lenoir, NC. We distill our single-barrel brandy utilizing a generations-old family recipe. We use locally grown North Carolina apples which are distilled in a homemade copper pot still. Our brandy is aged in charred white oak barrels and bottled one barrel at a time to give each batch it's own unique character and flavor. We produce and distribute the original Carriage House Apple Brandy, Carriage House Strawberry Infusion, Carriage House White, and Good Old Mountain Shine Apple Pie.

Keith Nordan, Chris Hollified, and Tim Sisk (Hippy) are responsible for the day to day operations of Carolina Distillery.

COVINGTON SPIRITS LLC

COVINGTON® gourmet vodka is handmade in Eastern North Carolina from seedling to bottling. It's expertly crafted in small batches using a combination of traditional and modern distilling practices. Our unhurried approach and varietal selection of locally grown COVINGTON® sweet potatoes costs us a little more, however, it does create truly outstanding vodka.

Tasting notes: Remarkably smooth and rich with subtle creamy undertones — with not even the slightest hint of heat on the long and level finish.

DUPLIN WINERY

Not far off the beaten path that brings the mountains to the sea, sits a small town quieted by the abandoned trades made possible by North Carolina's first railroad. Rose Hill, NC was founded in 1840. Today, the town, populated by less than 1,500 residents, holds two titles of distinction: home to the World's Largest Frying Pan and better still, the World's Largest Muscadine Winery.

Every member of the Duplin Winery family is well trained, professional, and excited to share a guided tour. A leisurely stroll through the largest production facility on the east coast, boasting a 1.5 million gallon capacity, is sure to impress. From the crushing pad to the bottling line, each guest will see firsthand the process behind the production of award-winning wines.

HOWLING MOON DISTILLERY

At Howling Moon we carry on the art of making traditional moonshine with family recipes. We use all natural ingredients in every step of the process.

The only way to make true moonshine is use fresh and natural ingredients, but it's not moonshine if it's not made in a moonshine still like the ones we use, which are hand crafted not store bought. Part of our still can be traced back 150 years to my great-great-grandfather who passed down his still and recipe. We are as authentic as it gets. We use oak barrels, a real moonshine still, local corn stone ground at a local mill, and we recycle our spent mash by using it as hog feed like moonshiners have done for generations. If you want to know what moonshine really tasted like in these mountains 150 years ago then try Howling Moon.

MUDDY RIVER DISTILLERY

Muddy River Distillery's small batch, craft rums are made in a one-of-a-kind still designed and built by the founder and head distiller. Carolina Rum, our white rum, is smooth and slightly sweet with hints of molasses. Queen Charlotte's Reserve is barrel aged for 8 months in unused American white oak barrels to get a smooth, oaky finish with hints of

caramel. These premium rums can be enjoyed straight, on the rocks, or in your favorite cocktail. Muddy River Distillery is located in an old textile mill on the banks of the Catawba River in Belmont, NC.
