North Carolina Department of Agriculture and Consumer Services

Dear Food and Beverage Importer:

The North Carolina Department of Agriculture and Consumer Services is proud to provide this directory of North Carolina companies offering food and beverage exports. Whether you are looking for fresh produce for foodservice operations or specialty sauces for retail outlets, you will find an array of products grown, raised, caught or made in North Carolina.

North Carolina is one of the most agriculturally diverse states in the nation. Agriculture and agribusiness compose North Carolina's largest industry, generating \$77 billion for the state's economy. The state's geography, which stretches from the Appalachian Mountains to the Atlantic Ocean, gives us a variety of soil types and climates. Because of this, we are able to extend the growing season for many crops well past that of other East Coast states.

The North Carolina exporters listed in this directory are currently providing food and beverage products to more than 150 countries around the world. In 2012, the state exported \$3.9 billion in agricultural products. As a state, we have the experience with international trade to help ensure a smooth shipment. As a department, we have the expertise to help you source the products you need for your clients.

If you do not see what you are looking for in this directory, please contact one of our international marketing specialists to see if we can make it available.

Sincerely,

Steven W. Troxler
Commissioner

W I N E & S P I R I T S

North Carolina is home to more than 140 wineries with a focus on muscadine and European-style vinifera grapes. Scuppernong, a type of muscadine grape, is the first grape cultivated in the United States and is the official fruit of North Carolina. The MotherVine in Manteo on Roanoke Island, a 400-year-old scuppernong vine, is the oldest known cultivated grapevine in the nation. More than 400 individually owned grape vineyards are spread across the state, ranking NC tenth in the nation for grape production.

North Carolina's heritage product, moonshine, was founded in retaliation of prohibition in the United States in the 1920s. North Carolinians continued to distill and sell distilled spirits in an underground industry that began in the foothills of the Appalachian Mountains of North Carolina. Today, legal distilleries are creating a variety of quality products based on that North Carolina tradition.

ASHEVILLE DISTILLING COMPANY

Asheville Distilling Company produces fine award-winning Craft Whiskeys made with locally grown heirloom grains. Troy & Sons Platinum Whiskey was awarded a gold medal by the Beverage Tasting Institute and can be found on menus at all Disney Resorts in North America. ADC is the first whiskey distillery in America founded by a woman, Troy Ball, in modern times.

BROADSLAB DISTILLERY, LLC.

Broadslab Distillery is located in the southeastern part of Johnston County, NC, an area known to the locals as "Broadslab" (the "moonshine capital" of North Carolina). Our distillery represents the true heritage of a craft passed down through five generations of master distillers and is a true "our farm to your spirit" distillery.

We grow our own corn to use in the mash for our spirits. All of our products are gluten free, are handcrafted using all natural ingredients, and bottled in small batches using American made packaging and materials.

BROTHERS VILGALYS SPIRITS

The Brothers Vilgalys Spirits Company produces a spiced honey liqueur called Krupnikas. Starting with a family recipe on the stove, founder Rimas Vilgalys and his business partners first launched their product on December 29, 2012. After one year of sales, they are beginning to expand distribution beyond North Carolina and are actively seeking new partners and sales channels.

"Krupnikas" is a traditional Lithuanian recipe. Made in Durham, NC, Brothers Vilgalys uses only whole spices, local North Carolina wildflower honey, and grain neutral spirits in their recipe.

The result is an 80-proof spirit that is delicious, surprisingly smooth and shippable on its own, and very flexible as a mixed drink ingredient.

Brothers Vilgalys is the only producer of Krupnikas in the US, and the only spirits producer to use wildflower honey as its main flavor. This gives our drink more complexity and depth than any other honey-flavored spirits on the market.

BURNTSHIRT VINEYARDS

In the heart of the Blue Ridge Mountain Range of North Carolina, USA lies the beautiful Burntshirt Vineyards, a family-owned estate vineyard and winery which has consistently produced award-winning wines. What makes our vineyards so unique is that they are among the highest elevation in the state, and the high altitude plus the long sunny days, cool nights and well-drained sandy soil allow us to produce some European varietals that are challenging in other regions of our state.

We are currently growing European varietals including Grüner Veltliner, Chardonnay, Riesling, Merlot, Cabernet Franc, Cabernet Sauvignon, Merlot, Malbec and Petit Verdot. Our French-American hybrid varietals include Vidal Blanc, Trämenette, Petit Manseng and Chambourcin. All of our grapes are harvested by hand and fermented separately.

CAROLINA DISTILLERY, LLC.

Carolina Distillery is located in historic downtown Lenoir, NC. We distill our single-barrel brandy utilizing a generations-old family recipe. We use locally grown North Carolina apples which are distilled in a homemade copper pot still. Our brandy is aged in charred white oak barrels and bottled one barrel at a time to give each batch it's own unique character and flavor. We produce and distribute the original Carriage House Apple Brandy, Carriage House Strawberry Infusion, Carriage House White, and Good Old Mountain Shine Apple Pie.

Keith Nordan, Chris Hollified, and Tim Sisk (Hippy) are responsible for the day to day operations of Carolina Distillery.

COVINGTON SPIRITS LLC

COVINGTON® gourmet vodka is handmade in Eastern North Carolina from seedling to bottling. It's expertly crafted in small batches using a combination of traditional and modern distilling practices. Our unhurried approach and varietal selection of locally grown COVINGTON® sweet potatoes costs us a little more, however, it does create truly outstanding vodka.

Tasting notes: Remarkably smooth and rich with subtle creamy undertones — with not even the slightest hint of heat on the long and level finish.

DUPLIN WINERY

Not far off the beaten path that brings the mountains to the sea, sits a small town quieted by the abandoned trades made possible by North Carolina's first railroad. Rose Hill, NC was founded in 1840. Today, the town, populated by less than 1,500 residents, holds two titles of distinction: home to the World's Largest Frying Pan and better still, the World's Largest Muscadine Winery.

Every member of the Duplin Winery family is well trained, professional, and excited to share a guided tour. A leisurely stroll through the largest production facility on the east coast, boasting a 1.5 million gallon capacity, is sure to impress. From the crushing pad to the bottling line, each guest will see firsthand the process behind the production of award-winning wines.

HOWLING MOON DISTILLERY

At Howling Moon we carry on the art of making traditional moonshine with family recipes. We use all natural ingredients in every step of the process.

The only way to make true moonshine is use fresh and natural ingredients, but it's not moonshine if it's not made in a moonshine still like the ones we use, which are hand crafted not store bought. Part of our still can be traced back 150 years to my great-great-grandfather who passed down his still and recipe. We are as authentic as it gets. We use oak barrels, a real moonshine still, local corn stone ground at a local mill, and we recycle our spent mash by using it as hog feed like moonshiners have done for generations. If you want to know what moonshine really tasted like in these mountains 150 years ago then try Howling Moon.

MUDDY RIVER DISTILLERY

Muddy River Distillery's small batch, craft rums are made in a one-of-a-kind still designed and built by the founder and head distiller. Carolina Rum, our white rum, is smooth and slightly sweet with hints of molasses. Queen Charlotte's Reserve is barrel aged for 8 months in unused American white oak barrels to get a smooth, oaky finish with hints of

caramel. These premium rums can be enjoyed straight, on the rocks, or in your favorite cocktail. Muddy River Distillery is located in an old textile mill on the banks of the Catawba River in Belmont, NC.

Farm Pak Products, LLC

2009 NCDA&CS Exporter of the Year

Jose Calderon, the 2009 N.C. Department of Agriculture and Consumer Services Exporter of the Year, exports locally grown sweet potatoes for FarmPak in Spring Hope. Export success in the sweet potato industry has moved a North Carolina agriculture staple from a domestic product to a vegetable commonly found in European supermarkets and restaurants.

North Carolina harvests some of the finest fish and shellfish available anywhere in the world. From the highest peaks of the Blue Ridge and Great Smoky Mountains to the elegant shores of our Outer Banks, Freshness from North Carolina Waters is a treasure to be shared. North Carolina's seafood industry is compiled of over 80 different species, including catfish, oysters, and shrimp. We are ranked fifth in the nation for catfish production and are home to one of the few places that raise soft shell crab. North Carolina has the largest and most productive estuarine system of any state on the eastern seaboard. Behind the state's barrier islands lie shallow sounds that support large populations of fish, shrimp, crabs, and shellfish.

Most of North Carolina's specialty food companies are family owned and operated, and were founded on family recipes that have been passed down from generation to generation. North Carolina is home to hundreds of specialty foods, from sauces to cookies, toffees, candies, truffles, cheese straws, snack foods, seasonings, juices, drinks, and more!

North Carolina is the home of a variety of BBQ sauces ranging from our peppery vinegar-based in the east to our savory tomato-based in the west, of which the recipes date back to the 19th century.

NC has a wide variety of jellies and jams made from the finest and freshest North Carolina produce. Discover flavors that have captivated the hearts of North Carolinians for generations!

AMELIORON CORPORATION DBA: NUM NUM SAUCE COMPANY

Num Num Sauce is a southern style grilling and dipping sauce brand that enhances the flavor of all foods. Both the tomato and mustard based condiments were derived from a fourth generation family recipe dating back to the early 1940s. This backwoods secret is affectionately known as "The Taste of American Southern Hospitality." This old fashion sauce is also relevant to today's healthy market trends as it boasts desirable attributes such as: All Natural, Low Sodium, Fat Free, Gluten Free, No Fillers or Additives, and Preserved with Natural Antioxidants Turmeric and Vitamin C.

BEAR BRANCH MILLING COMPANY

Our company produces a healthy line of all natural stone ground yellow and white cornmeal, grits, whole wheat flour, as well as a variety of other products. Our products

are milled from whole grain with no additives or preservatives added. They are not only packed with flavor but are healthy and nutritious as well. We value the tradition of all natural and wouldn't dream of chemically treating or altering our products in any way. We know that whole grains provide energy for daily activities and reduce the risk of developing major diseases. With nothing taken out and nothing added, our products are truly unique. White or yellow, whichever kind Carolinian's eat, they love their grits. In 1952, an article in the Charleston News and Courier concluded "A man full of grits is a man of peace!" Once you have a taste you will know that you are experiencing traditional southern fare and hospitality at its best.

Ford's Gourmet Foods

2008 NCDA&CS Exporter of the Year

Sandi Ford, the 2008 N.C. Department of Agriculture and Consumer Services Exporter of the Year, has transformed her gift-basket business into one of North Carolina's signature products, Bone Suckin' Sauce. Now, the sauce that began locally is exported to more than 70 countries around the world.

Agriculture is North Carolina's number one industry and accounts for almost one-fifth of the state's income and employees. More than 17% of the NC gross state product is contributed by food, fiber, and forestry.

North Carolina is ranked first in the nation for tobacco and sweet potato production. North Carolina's diverse agriculture industry allows us to be ranked second in the nation for poultry and egg production, as well as third in the United States for cucumbers and fifth for bell peppers. North Carolina's three largest export products are tobacco, pork products, and forestry products. We export to over 150 countries and our top partner countries are China, Canada, and Mexico.

*When looking to import, always remember, it's
"Got to Be NC Agriculture!"*
