Educational Sessions

**Back by Popular Demand – All Sessions will
be Outside!**

Session Run Time: 50-minute class,
10-minute break, repeat.

Please select 3 of the 4 sessions offered

Weeds, weeds, everywhere a weed? * †

Our experts will take you through the
landscapes of the Raulston Arboretum
and Field Laboratory, identifying com-
mon weeds and discussing how to control
them.

Insects and other annoying critters * † ◊

Our experts will take you on a journey of
discovery in search of common problems,
discuss prevention and control efforts,
along with a bit about phenology along
the way.

The rain falls mainly on the rain garden ‡ †

Learn how rain gardens filter water and
slow runoff. Also, you will get to hear
the preliminary results of some exciting
research exploring different media and
plant selections.

Let's get planting † ◊

Get a refresher on plant installation tech-
niques, whether containerized or ball and
burlap.

12:10 pm – FREE Hot Dog Lunch!

Visit with our Exhibitors

1.0 Hour CEU Credits

* pesticide categories: L N D X

◊ Arborist

† Landscape Industry Certified

‡ Irrigation Contractor's License

BE SURE TO VISIT WITH EXHIBITORS

The College of Agriculture and Life Sciences

The College of Agriculture and Life
Sciences at North Carolina State University
provides knowledge and technology that
improve the economy, environment and
quality of life for the citizens of North
Carolina. In the classroom, we equip
students for productive careers. Through
research, we find solutions and develop
systems with economic, environmental
and social value. Our extension programs
are helping people use knowledge to
enhance their lives and livelihoods.

Relationships with many partners
enhance the quality and productivity of
our research, teaching and extension
programs. We extend our appreciation to
the field day partners and participants.
