

# Memo

To: ALL PESTICIDE REGISTRANTS  
From: NC DEPT. OF AGRICULTURE & CONSUMER SERVICES  
STRUCUTRAL PEST CONTROL & PESTICIDES DIVISION  
Date: August 7, 2009  
Re: **PESTICIDE REGISTRATION FEE CHANGE**

---

Dear Registrant,

On August 7, 2009, North Carolina Governor Beverly Perdue signed legislation that increases pesticide registration fees that are collected by the North Carolina Pesticide Section under the North Carolina Pesticide Law of 1971. Effective August 15, 2009, the annual pesticide registration fee will increase to \$150.00 per brand or grade of pesticide sold in North Carolina. This increase will apply to ***all*** pesticide applications (new or renewal) post marked on or after this date.

Please note that the Pesticide Environmental Trust Fund Assessment Fees did NOT change. They remain, based upon the level of gross sales of the product within North Carolina during the previous year, at either \$25.00 (Gross sales less than or equal to \$5000.00) or \$50.00 (Gross sales of greater than \$5000.00) per brand or grade of pesticide.

Should you have any questions, feel free to call.

Sincerely,

Lee Davis  
Pesticide Registration Manager
