¹ 2007 Preliminary. ² Counties may not add to district total because undisclosed data are included in other counties. * 2006 counties and districts with less than 200 harvested acres or where individual data would be disclosed are included in other counties. New USDA NASS County Estimating Program Policy and Standards require districts and counties with less than 500 acres planted to a crop, or practice of a crop, be included in other counties. Coverage standards also apply to district and county estimates.
