0303 Food & water during transport	Not Applicable	0304 Observation of animals	Not Applicable

**Narrative Explanation, if needed**

New inspection performed. FRP boards have been placed between each kennel to prevent cross contamination. There are 6 inside boarding kennels at this time with large play yard behind the home. Concrete is sealed in the kennel area. All areas are impervious to moisture. Boarding contracts and sign-in/sign-out paperwork needs to be implemented. Ok to license.
