**Narrative Explanation**Follow-up inspection from 12/12/13Items corrected:

1. .0204 Primary Enclosures / Cat Room - the loose door cage latches have been fixed.
2. .0207 Sanitation / Food storage room - This room has been cleaned out and re-organized. Much improvement noted.

Item still to be corrected:

.0204 Primary Enclosures / Sound Repair - K-9 quarantine room - #3 run gate still has not been fixed . It is not in use. Shelter Director, Joe Newborn stated that quotes have been obtained and an industrial metal fabricating business in Rose Hill (Industrial Metal) will be creating all steel gates with coated expanded metal mesh over the gates. I was presented the quote of \$2930.00 to replace these gates. Due to the length of time it has taken to fix this area, I have requested the Director to email me by 1/24/14 an exact time frame when this work will be completed.

Comments:

All areas of the shelter were clean, temperatures were in range.  
Noted there were 2 nursing mothers with puppies that caused the numbers to appear the shelter was overcrowded when not.

Follow-up inspection in 30 calendar days 2/17/14.
