**Narrative Explanation, if needed**

I addressed numerous inadequacies on my last inspection. Those inadequacies have been corrected with the exception of the wood being covered in the Cat room. The Animal Control Officers have discontinued housing Cats because the county Public Works has been so busy because of the damage incurred from Hurricane Irene, they haven't had time yet to take care of the Cat room.

However there were numerous flies around the shelter inside an out. The staff need to remove the washed out feces out of the drains. This will help with the fly problem.

### Narrative Explanation, continued

The county staff needs to place Plexiglas on the inside of the Cat room door or replace the door with a material impervious to moisture.

Need to make sure that when animals are Euthanasied either by the Animal Control or Dr. Shelton . the method of Euthanasia is listed and the form signed. The staff has been doing better but need to remember this every time Euthanasia is performed. Dr. Shelton performs EBI for the shelter.

I will return in 30 days.
