## Narrative Explanation, continued

### Items remaining an issue from previous inspection:

- 1) Doors remain damaged throughout facility. Replace/Repair damaged doors. (0207)
- 2) Damaged wood remains in existence throughout facility. Steps in indoor area are more damaged than previously noted. Decking in left yard still needs to be covered or replaced. Repair/Replace damaged wood. (0202, 0203, & 0204)
- 3) Although gravel is much improved, bare areas remain existing. Add gravel to bare areas. (0203)
- 4) Little progress has been made in covering areas which animals come in contact with wood in room behind carport. Either deny animals access to this area or cover all areas in which animals come in contact with wood. (0202, 0203, & 0204)
- 5) Isolation was not intact at the time of inspection. Implement and maintain isolation enclosure with appropriate signage. (0207)

### Items to address at today's inspection;

- 1) Numbers of animals have increased since last inspection resulting in more damage to overall facility. Reduce numbers by 40%. (0204)
- 2) Sharp edges and holes exist in fencing in numerous areas of facility. Repair damaged fencing. (0204, 0207)

All inadequacies from former inspections and from today's inspection must show significant progress by December 15, 2012 for licensing.
