Narrative Explanation, continued

Random inspection performed today.

Items to correct:

.0204 Primary Enclosures / Surfaces impervious to moisture - North back #5 kennel - re-paint the damaged area on the floor; North front #12 patch the area on the wall and re-paint.

Re-caulk between the kennels so there is no waste or waste water that can flow from run to run.

Apply a sealant on all the expansion strips in the outside runs.

Owner is aware the concrete floors need re-painting over all the kennel. Due to the need to close one side at a time in order to avoid completely closing while painting is done, the owner will be allowed 60 calendar days (5/20/14) to complete the painting of the kennel floors.

Comments:

Day care ratio was in compliance.

Kennel is clean and odor free.

Temperatures are in range in all areas.

Remember to provide access to water at all times unless there is a medical reason water should be withheld.

Follow up inspection on all items except floor painting in 30 calendar days (4/22/14).

Follow-up inspection on floor painting in 60 calendar days (5/20/14).
