Narrative Explanation, continued

5. 0204> The two rusted metal panels adhered to the gate doors of the pens have been repainted/resealed.

6. 0207> Both kennels have been cleaned out. This is to include waste, old straw and other debris. The Chief is aware that the kennels general house keeping and overall cleanliness is vital. He has assured me that steps to rectify this issue have been resolved and daily maintenance will be utilized.

7. 0207> The gravel has been cleaned from the weeds and debris.

Chief Garner and I went through the paperwork and a decision was made to make a few changes and so new approved paperwork has been adopted. Utilization of this new style of documentation will begin next week.

Chief Garner and his staff have done a great job to bring this holding facility back into AWA compliance. I feel confident that they will continue to maintain it.

This inspection is approved.

I will be returning at random and on a as needed basis.
